16. It is understood and agreed that this bid, when certified by authorized signature, shall constitute an offer, which when accepted in writing by the TRICOR Purchasing Department, and subject to the terms and conditions of such acceptance, will constitute a valid and binding contract between the State of Tennessee (TRICOR) and the Vendor/Contractor (bidder) submitting such offering.

17. By my (own) written signature on this bid I (we) guarantee and certify that all items included in the bid meet or exceed any and all (TRICOR) specifications covering such items. I (We) further agree, if awarded a contract as a result of this bid, to deliver such commodities, service or merchandise which meets or exceeds the specifications.

18. It is understood and agreed that no contract may be assigned, sublet, or transferred without the written consent of TRICOR.

19. The inclusion in any bid of a limitation of remedies clause or a limitation of liabilities clause shall be cause for bid rejection.

22. The State of Tennessee, its officers, agents, and employees shall be held harmless from liability from any claims, damages and actions of any nature arising from the use of any materials furnished by the vendor, provided that such liability is not attributable to negligence on the part of the using agency or failure of the using agency to use the materials in the manner outlined by the vendor in descriptive literature or specifications submitted with the vendor bid.

23. Contracts are entered into solely for the convenience of the State of Tennessee. The vendor understands and agrees that the State of Tennessee, as a signatory party to a contract, is solely responsible for its performance, and that the officers and employees of the TRICOR Purchasing Department, act exclusively as agents of the State for the award, consummation, and administration of contracts and are not personally liable for any performance or nonperformance by the State.

24. A bid must be received in the TRICOR Purchasing Department office on or before the date and hour designated for the bid opening or the bid will be rejected.

25. The Purchasing Department may reject any or all bids. Action to reject all bids shall be taken only for unreasonably high prices, errors in the Invitation to Bid, cessation of need, unavailability of funds, or any other reason approved by the TRICOR Board of Directors.

26. All present, former employees or officials of the State are referred to Tennessee Code Ann. 12-4-103.

29. No person on the grounds of handicap or disability, age, race, color, religion, sex, national origin, or any other classification protected by federal and/or Tennessee State constitutional and/or statutory law shall be excluded from participation in, or denied benefits of, or be otherwise subjected to discrimination in the performance of the Contract or in the employment practices of the Contractor. The Contractor shall, upon request, show proof of such non-discrimination, and shall post in conspicuous places, available to employees and applicants, notices of non-discrimination.
30. Purchases of goods by the State of Tennessee are exempt from Tennessee sales and use tax pursuant to Tenn. Code Ann. 67-6-329 (a) (13), and the state is generally exempt from Federal excise tax. Contractors are subject to Tennessee sales and use tax on all materials and supplies used in the performance of a contract, whether such materials and supplies are purchased by the contractor, produced by the contractor, or provided to the contractor by the State, pursuant to Tenn. Code Ann. 67-6-209. The contractor agrees to pay all taxes incurred in the performance of an awarded contract.
31. Exceptions to terms and conditions and/or those proposed by the bidder, which may vary from the invitation to bid, may render the bid NON-responsive and subject the bid to rejection.
32. Unless otherwise stated, all goods called for by a purchase order must be tendered in a single delivery in compliance with the delivery time specified and payment is due only on such tender. Partial shipments and/or back orders will only be accepted with prior receiving agency authorization.

In lieu of posting a MSDS on MSDSSEARCH, a bidder shall include the manufacturer's universal resource locator (URL) for its MSDS in the solicitation. For purposes of this MSDS requirement, the Purchasing Department for TRICOR recognizes the following URL for national MSDS search repository: MSDS-SEARCH, which can be accessed on the internet at: <http://www.msdssearch.com>.
35. The requirements of Public Acts of 2006, Chapter Number 878, of the State of Tennessee, addressing the use of illegal Immigrants in the performance of any contract to supply goods or services to the State of Tennessee, shall be a material provision of this Contract, a breach of which shall be grounds for monetary and other penalties, up to and including termination of this Contract.
36. The Contractor hereby attests, certifies, warrants, and assures that the Contractor shall not knowingly utilize the services of an illegal immigrant in the performance of this Contract and shall not knowingly utilize the services of any subcontractor who will utilize the services of an illegal immigrant in the performance of this Contract. The Contractor shall reaffirm this attestation, in writing, by submitting to the State a completed and signed copy of the document as Attachment 1, hereto, semi-annually during the period of this Contract. Such attestations shall be maintained by the contractor and made available to state officials upon request.
37. Prior to the use of any subcontractor in the performance of this Contract, and semi-annually thereafter, during the period of this Contract, the Contractor shall obtain and retain a current, written attestation that the subcontractor shall not knowingly utilize the services of an illegal immigrant to perform work relative to this Contract and shall not knowingly utilize the services of any subcontractor who will utilize the services of an illegal immigrant to perform work relative to this Contract. Attestations obtained from such subcontractors shall be maintained by the contractor and made available to state officials upon request.

38. The Contractor shall maintain records for all personnel used in the performance of this Contract. Said records shall be subject to review and random inspection at any reasonable time upon reasonable notice by the State.

39. The Contractor understands and agrees that failure to comply with this section will be subject to the sanctions of Public Chapter 878 of 2006 for acts or omissions occurring after its effective date. This law requires the Commissioner of Finance and Administration to prohibit a contractor from contracting with, or submitting an offer, proposal, or bid to contract with the State of Tennessee to supply goods or services for a period of one year after a contractor is discovered to have knowingly used the services of illegal immigrants during the performance of this contract.

40. Confidentiality of Records. Strict standards of confidentiality of records and information shall be maintained in accordance with applicable state and federal law. All material and information, regardless of form, medium or method of communication, provided to the Contractor by the State or acquired by the Contractor on behalf of the State shall be regarded as confidential information in accordance with the provisions of applicable state and federal law, state and federal rules and regulations, departmental policy, and ethical standards. Such confidential information shall not be disclosed, and all necessary steps shall be taken by the Contractor to safeguard the confidentiality of such material or information in conformance with applicable state and federal law, state and federal rules and regulations, departmental policy, and ethical standards.

The Contractor's obligations under this section do not apply to information in the public domain; entering the public domain but not from a breach by the Contractor of this Contract; previously possessed by the Contractor without written obligations to the State to protect it; acquired by the Contractor without written restrictions against disclosure from a third party which, to the Contractor's knowledge, is free to disclose the information; independently developed by the Contractor without the use of the State's information; or, disclosed by the State to others without restrictions against disclosure. Nothing in this paragraph shall permit Contractor to disclose any information that is confidential under federal or state law or regulations, regardless of whether it has been disclosed or made available to the Contractor due to intentional or negligent actions or inactions of agents of the State or third parties.

It is expressly understood and agreed the obligations set forth in this section shall survive the termination of this Contract.

41. Insurance. Contractor shall provide the State a certificate of insurance ("COI") evidencing the coverages and amounts specified below. The COI shall be provided ten (10) business days prior to the Effective Date and again upon renewal or replacement of coverages required by this Contract. If insurance expires during the Term, the State must receive a new COI at least thirty (30) calendar days prior to the insurance's expiration date. If the Contractor loses insurance coverage, does not renew coverage, or for any reason becomes uninsured during the Term, the Contractor shall notify the State immediately.

The COI shall be on a form approved by the Tennessee Department of Commerce and Insurance ("TDCI") and signed by an authorized representative of the insurer. The COI shall list each insurer's national association of insurance commissioners (also known as NAIC) number or federal employer identification number and list the State of Tennessee, Risk Manager, 312 Rosa L. Parks Ave., 3rd floor Central Procurement Office, Nashville, TN 37243 in the certificate holder section. At any time, the State may require the Contractor to provide a valid COI detailing coverage description; insurance company; policy number; exceptions; exclusions; policy effective date; policy expiration date; limits of liability; and the name and address of insured. The Contractor's failure to maintain or submit evidence of insurance coverage is considered a material breach of this Contract.

If the Contractor desires to self-insure, then a COI will not be required to prove coverage. In place of the COI, the Contractor must provide a certificate of self-insurance or a letter on the Contractor's letterhead detailing its coverage, liability policy amounts, and proof of funds to reasonably cover such expenses. Compliance with Tenn. Code Ann. § 50-6-405 and the rules of the TDCI is required for the Contractor to self-insure workers' compensation. All insurance companies must be: (a) acceptable to the State; (b) authorized by the TDCI to transact business in the State of Tennessee; and (c) rated A- VII or better by A. M. Best. The Contractor shall provide the State evidence that all subcontractors maintain the required insurance or that the subcontractors are included under the Contractor's policy.

The Contractor agrees to name the State as an additional insured on any insurance policies with the exception of workers' compensation (employer liability) and professional liability (errors and omissions) ("Professional

Liability”) insurance. Also, all policies shall contain an endorsement for a waiver of subrogation in favor of the State.

The deductible and any premiums are the Contractor’s sole responsibility. Any deductible over fifty thousand dollars (\$50,000) must be approved by the State. The Contractor agrees that the insurance requirements specified in this Section do not reduce any liability the Contractor has assumed under this Contract including any indemnification or hold harmless requirements.

The State agrees that it shall give written notice to the Contractor as soon as practicable after the State becomes aware of any claim asserted or made against the State, but in no event later than thirty (30) calendar days after the State becomes aware of such claim. The failure of the State to give notice shall only relieve the Contractor of its obligations under this Section to the extent that the Contractor can demonstrate actual prejudice arising from the failure to give notice. This Section shall not grant the Contractor or its insurer, through its attorneys, the right to represent the State in any legal matter, as the right to represent the State is governed by Tenn. Code Ann. § 8-6-106.

All coverage required shall be on a primary basis and noncontributory with any other insurance coverage or self-insurance carried by the State. The State reserves the right to amend or require additional endorsements, types of coverage, and higher or lower limits of coverage depending on the nature of the work. Purchases or contracts involving any hazardous activity or equipment, tenant, concessionaire and lease agreements, alcohol sales, cyber-liability risks, environmental risks, special motorized equipment, or property may require customized insurance requirements (e.g. umbrella liability insurance) in addition to the general requirements listed below.

Requested increase after allowed firm fixed bid pricing period must be submitted in writing to the Contract Administrator at a minimum of ten (10) days prior to the new rate change effectivity. Any increase will be based on the vendor/contractors actual cost increase only, as shown in written documentation (verifiable market index used to determine market value). All requests for price increases must be in writing, must not constitute increases in profit, and must contain data establishing or supporting the general or industry wide nature of the change.

TRICOR's cost may be evaluated quarterly and a request for price increase/decrease can be made at that time. A cost increase request requires verifiable trending data and market volatility reports to be submitted to TRICOR along with a formal written request on supplier's company letterhead. Any decrease in the market price of five (5) percent or more requires an automatic decrease in the cost to TRICOR of equal percentage.

Cost changes due to formulation changes must have verifiable market index used to determine market value. The supplier will then add the established fixed rate. All requests for price changes due to formulation must be in writing and must not constitute increases in profit.

Price increases, when granted, will be effective on the first of the following quarter. No increase shall be effective until approved. Approval of any price increase renews the price period.

15. INSPECTION

All materials, equipment, and supplies are subject to inspection and testing. Items that do not meet specifications will be rejected. Failure to reject upon receipt, however, does not relieve the contractor of liability. When subsequent tests, after receipt, are conducted and when such tests reveal damage or failure to meet specifications, TRICOR, and the State of Tennessee may seek damages regardless of whether a part or all of the merchandise has been consumed.
